## SETTING

## Method1) Using the headset

## Method2) Using the Sena Device Manager

Connect the headset to your computer via a USB cable. Launch the Sena Device Manager and click **DEVICE SETTING** to configure the headset settings.

For details about downloading the Sena Device Manager, refer to the leaflet included in the package.

## Method3) Using the Sena Smartphone App

- On your smartphone, download the Sena Smartphone App for Android or iPhone from Google Play or App Store. Refer to www.sena.com/app for more details.
- 2. Pair your smartphone with the headset.
- 3. Run the Sena Smartphone App. Swipe the screen to the right and tap **Setting** to configure the headset settings.

## TROUBLESHOOTING

## Factory Reset

If you want to restore the 10C to factory default settings, press and hold the **Phone Button** for 12 seconds. Tap the **Jog Dial**. The headset automatically restores the default settings and turns off.

## Fault Reset

If the 10C is not working properly for any reason, push the pin-hole reset button located on the back of the headset.
